SIXTH YEAR SEES CANAL ADVANCED ACROSS ISTHMUS

Figures, Showing Amount of Material Removed During That Time.

It Will be Opened in Next Four Year.

DATE FIXED ONE YEAR LATER.

Washington, May 27. (United Press.)—The sixth year of the stupendous work of building a canal across the isthmus of Panama to connect the Atlantic and Pacific oceans ended on May 3, and in that time so much has been accomplished that the costly waterway may be opened to the commerce of the world in 1914. The official estimate places it a year later in order that there may be no miscalculation.

The progress of the work may be seen in the important features of the canal. These are the cut through Culebra, the locks at Gatun, Miraflores and Pedro Miguel, the building of the Gatun dam and the creation of Gatun Lake.

The excavation record by years since May, 1904, is as follows:

May 1 to	Cubic Yards
1904-1905	648,911
1905-1906	2,964,993
1906-1907	7,365,438
1907-1908	24,197,267
1908-1909	38,038,898
1909-1910	32,672,565

Total 105,888,072

Of the total remaining, the amount to be taken out by dredges is 29,232,952 cubic yards, and the amount by steam shovels is 38,827,617 cubic yards.

Of the 18,051,278 cubic yards excavated in the central division 14,888,427 cubic yards were taken from Culebra Cut. The record of excavation in the cut since May, 1904, follows:

May 1 to	Cubic Yards
1904-1905	648,911
1905-1906	1,250,570
1906-1907	4,861,895
1907-1908	11,285,217
1908-1909	13,980,450
1909-1910	14,856,427

Total 46,913,450

There yet remain to be excavated from Culebra Cut 31,128,845 cubic yards, and the work is advancing at the rate of 1,240,000 cubic yards a month, that being the average monthly excavation since May 1, 1909. The work of dredging is practically confined to the Atlantic and Pacific entrances of the canal.

The construction of the dam across the Chagres river at Gatun was continued during the year in three sections—the dry and hydraulic fill of the eastern half of the dam; the lining of the spillway with concrete, and the dry fill of the western section. Two parallel ridges of rock and earth stretch across the valley, from hill to hill, and between these ridges the hydraulic fill is being made. In the east half of the dam the hydraulic fill is at 53 feet above sea level, which is within 62 feet of the final height. In the western section the hydraulic fill has just been begun. Of the total of approximately 10,000,000 cubic yards of this fill to be made, 3,000,000 cubic yards have so far been placed in the eastern section.

All the old channels of the river are closed by the dam and the water is flowing through the spillway. Low water in Gatun Lake is at 10 feet above sea level, which is ten feet

Arguments Opened in Ballinger Hearing Before Congressional Committee at Washington Today

Brandeis Condemns Secretary of Interior as Unqualified For Position, a Dodger and Lacking in Resolution.

Washington, May 27.—A keen, critical analysis of Richard A. Ballinger as the "irresolute, shifty, unethical" public officer, tried and found wanting, was the "summing up" today by Attorney Brandeis before the congressional committee on the conservation row. Brandeis dealt with facts, seldom orating. He gave Ballinger's connected cases under discussion, branding the secretary of the interior as unfit for a place as trustee for the people.

"One of the main essentials for an adequate secretary," he said, "is resoluteness and vigilant sturdiness." "Is there not exhibited in Ballinger a striking lack of just that quality?" he asked. He related several instances to show that Ballinger is easily influenced and that he is sidestepped responsibility.

He paid tribute to Glavis and Kerby, declaring their duty was to the government and not Ballinger.

"This cause of Glavis is the cause of the common people," said Brandeis.

"This investigation," said Brandeis, "has been referred to as a struggle for conservation and a struggle against special interests. It is that and more. In essence it is a struggle for democracy, a struggle of the small man against the overwhelming influence of the big, politically as well as financially, a struggle to establish that every American is entitled to equal justice from the public service; that no official is so highly stationed that he may trample ruthlessly and unjustly upon even the humblest citizen. Throughout his career as secretary," he said, "Ballinger has exhibited, instead of resoluteness, extraordinary absence of that quality and a tendency to run to cover. Would anyone think of dubbing him, 'Stonewall' Ballinger?"

"Personal antagonism outweighed public interest. His attitude toward the reclamation service made the year 1909 disastrous to the effectiveness and prestige of this great governmental agency."

He pointed out how Ballinger side-stepped any reference to the Lawler draft of the president's letter in his testimony before the committee.

Pepper Is Peppery.

In behalf of Pinchot, Attorney Pepper followed Brandeis for the prosecution. He said: "He is the kind of friend from whom the president ought meretriciously to be delivered. Ballinger has proved unfaithful to the public, whose property he has endangered, and to the president, whom he has deceived. The president wouldn't have found himself irrevocably committed to an endorsement of his secretary of the interior, had he not at the critical points been deceived as to the real significance of what was happening in the department. The policy of power, site protection was struck a staggering blow when Secretary Ballinger came

SUGAR TRUST EMPLOYEES CHANGE PLEAS TO GUILTY

New York, May 27.—Three former employees of the sugar trust, Harry Walker, Jean Voelker and James Halligan, checkers, today withdrew their pleas of not guilty, and admitted their guilt. They are charged with conspiracy to defraud the government.

Soldiers Rushed Into Lamasco, Caldwell Co.

Hopkinsville, Ky., May 27. (Special.)—Major Bassett with a heavy guard of picked soldiers rushed to Lamasco, Lyon county, this morning on order of the governor to guard the house of Milton Oliver, who was shot by an unknown person Tuesday night. Oliver will recover.

Governor Offers Reward.

Frankfort, Ky., May 27.—(Special.)—The governor offered a reward

of \$500 for the apprehension and conviction of any party to the intimidation of any prosecuting witness in the Hopkinsville raid trials or confederating to intimidate Milton Oliver, of Lyon county.

In Bloody Henderson.

Henderson, Ky., May 27. (Special.)—In a card game Shutz Norris was shot and killed by Boone Eastin, whom Norris had cut in the breast, Eastin may die.

Union Rescue Mission.

Services every night at 7:30. Bro. William Payton will speak for us tonight. We have a fine boy, Lloyd Howard, 2 years old, healthy, sprightly and fine looking. We want to place him in some good family to raise.—R. W. Chiles, pastor.

DIE UNDER AUTO.

Logan, Ohio, May 27.—Lilly Wright and Flossie Newman were killed, Will Snyder, fatally injured, and Mrs. Jessie Goss hurt when their automobile turned over an embankment near here early today. They were on their way to a bridal dinner.

Into office. There is not a man, who doesn't know in his heart that the secretary has demonstrated his unfitness for the office he holds."

He related several instances in which he said the president was deceived.

Attorney Pepper continued: "In his relations to Pinchot, Ballinger's conduct since Pinchot's dismissal, shows the secretary to be an untiring and relentless enemy of the forest service."

Washington, May 27.—Direct charges that the Morgan-Guggenheim syndicate caused the appointment of the federal judge, prosecuting attorney and marshal, who'll represent the government in suits over the Cunningham coal land claims, made to the sub-committee on judiciary were too startling to keep secret.

Congress may force an investigation of Alaskan affairs. Judge James Wickersham, congressional delegate to congress from Alaska, made the direct charge to the committee that the Morgan-Guggenheim interests set out to control the federal courts. T. R. Lyons, the attorney who defended Hasey in the charge of murder, was recently appointed district judge. Wickersham alleges he will have charge in the coming litigation of the Cunningham coal lands claim by the Morgan-Guggenheim syndicate. Wickersham charges that John Rustard was nominated for district attorney and Herbert L. Faulkner for marshal, through the influence of the Guggenheim interests. He alleges that ex-governor Hoggart, Governor Clark and L. P. Shackelford are political agents of the Guggenheims. He names high officials in the syndicate as being interested in the movement to oust Boyce Sutherland, Prosecutor Hasey and other Morgan-Guggenheim men.

Wickersham submitted the photo of a letter accompanying a bill of a man who "took care" of witnesses and "entertained" jurymen at the Hasey trial.

Republican Caucus.

Washington, May 27.—The Republican house caucus on the postal savings bank bill struck an unexpected snag when it reached the section of the Garner bill, having to do with the disposition of deposits of postal savings. Reaching no decision on this feature, the caucus adjourned until tomorrow night. The caucus upheld the provision fixing the rate of interest to be paid to depositors at two per cent.

Charities Conference Ends.

St. Louis, May 27.—The twenty-seventh National Conference of Charities and Corrections closed here tonight with a general session on law breakers. The conference was declared to be the best and most enthusiastic ever held.

Case Practically Dropped

The charge against Mrs. Oddie Thomas, the unfortunate mother, who attempted to abandon her infant here, was practically dropped, when Commonwealth's Attorney John G. Lovett agreed to her release from jail. The action is in accordance with public sentiment.

COMPROMISES IN CARDIN CASE ARE WELL PLEADED

Judge Walter Evans Overrules Demurrer of Plaintiff.

Two Recoveries Not Permissible in Action

TIME GIVEN HIM FOR REPLY.

A decision was received today by Federal Court Clerk J. R. Puryear from Judge Walter Evans, of Louisville, overruling the demurrer of the plaintiff to the second paragraph of the answers of the defendants in the night rider damage suit of A. H. Cardin against William Neal and Charles L. Smith, which was continued until next term. Exceptions have been entered by Cardin, who is given leave to file a reply within 60 days.

Along with the decision comes an interesting opinion from Judge Evans in this case. He says that Cardin sues a great number of defendants. At the April term of court in Paducah Neal and Smith filed separate answers to the suit. The second paragraph of the answers asked for the dismissal of their names from the petition, inasmuch as Cardin had compromised with 170 other defendants for approximately \$7,000. Cardin then filed a demurrer to this paragraph of the answers and it was taken under advisement by Judge Evans, who today overrules the demurrer. Judge Evans says that, assuming the averments of the paragraph to be true, he overrules the demurrer. If the plaintiff denies the averments in his reply, the burden will be upon the defendants to prove them.

In conclusion Judge Evans says: "Whether the proof that the settlements with others were only in partial satisfaction of the plaintiff's claims would establish a bar to the whole action, we need not now decide. Though, of course, if the plaintiff should recover at the trial more than the aggregate of the sums paid by others, he can collect only the difference. If less he can collect only the costs. In no event can he have more than one satisfaction of his claim."

Judge Evans says he was unable to find the answers of G. W. Barnes and George Snaden, but in case they are found he will overrule the demurrer of Cardin to the second paragraph of their answers.

Flight Further Delayed.

Albany, May 27.—Glenn Curtis did not attempt flight today and may not do so tomorrow. He says there is work ahead in assembling his machine.

HANDLE OF THE DERRICK STRIKES HIM ON HEAD.

Gaze Johnson, colored, was injured at the postoffice this morning. He was raising stone to the top of the building when the handle of the derrick was lost control of, and it whirled around, striking him on the head. Dr. Troutman dressed the injury, which it is thought will not result seriously.

Henrietta Must Pay

Henrietta Crossman must pay D. L. Williamson, the manager of the Cairo theater, \$145 for cancelling her date at Cairo during the rioting attending the lynching of a negro there during last season. She rested here and played Paducah, and suit was brought here in the circuit court. A verdict was returned today.

WAYMAN ANSWERS IN BROWNE CASE

SAYS BOTH STATE AND GOVERNMENT HAVE JURISDICTION OVER CASE.

Chicago, May 27.—States Attorney Wayman replied to the argument of the defense in the case of Lee O'Neill Brown, charged with bribery of Representative White to vote for Lorimer, for senator, that the court didn't have jurisdiction. Wayman contended that if Browne paid a bribe both the state and government have jurisdiction. Judge McCreary is not expected to deliver his ruling on the demurrer for several days.

Verging on Panic Was Chicago Pit When Bears Began to Dump Wheat on Market, Routing Patten Crowd

Drop of Two Cents Breaks Them in Doves Before Patten's Buying Pushes Cereal Up a Few Points

Chicago, May 27.—The wheat market opened near a panic this morning. Every available broker was on the floor, and a flood of selling orders forced the May option down from 3/4 to 1 1/4 under yesterday's close. Big operators threw great blocks of wheat on the market. It was evident the bears had the market. Patten, leading the bulls, is credited with the bulk of the selling to minimize his heavy losses of yesterday. At the opening Patten was credited with holding 5 to 8 million bushels of September wheat, which cost him \$1.04.

Followers of Patten went to the slaughter in droves on a break of 2 cents. Buying the Patten house later caused a rally off from 3/4 to 1 1/4.

Yesterday proved to be a momentous day in Chicago board of trade, in which net declines in prices ranging from 4 1/2 cents in September and more than 5 cents in the May option, marked a sensational drop in wheat. Some of the details summarized are:

The private settlement of Theodore H. Waterman's squeeze in May wheat.

Unloading the 8,500,000 bushels of September by James A. and George H. Patten, and the announcement of their withdrawal from the brokerage firm of which they have been members for a generation, and at least temporarily from business.

James A. Patten left his office last night wearing a smile and in his limousine read the headlines that estimated his losses anywhere between \$640,000 and \$641,000 for the day. Asked if he had anything to say about the market the big speculator laughed and said: "Just say I don't know anything about the market."

In this jovial manner Patten admitted that he had come out second best in a guessing contest with the bears.

"Not many men could take it like that," remarked his admiring junior partner.

The exact status of neither the May nor September options despite the day's developments is understood with certainty. As to Patten, it is not known whether he and his brother George have disposed of all their September holdings. While their retirement is announced, it is not effective until July 1. Certain traders profess the belief that the market will be called upon to absorb much more long September wheat during the next month. The same question arises as to the May option: has it all been settled for?

Traders are assured that Theodore H. Waterman, the Albany miller, the leading long in May, has carried his lead through to a successful conclusion, and forced the leading short interest to settle with him at his own price, generally believed to be around \$1.14 a bushel.

Any effort to gauge his profits is futile. A. J. Lynchster is said to have been a leading short in this option, but chiefly as an agent for big elevator concerns. Several cargoes of actual wheat were delivered to Waterman during the last ten days in an endeavor to break the market. The latter bent, but it did not break. That a settlement has been effected became known today when a cargo of No. 1 northern wheat, consigned to Chicago for delivery to Waterman, had been delivered to Buffalo. How many others, if any, short contracts remain to be settled before the end of the month, when the option ceases, is a matter of conjecture.

The extreme declines were 5 1/2 cents for May and 5 cents for September. At the close May stood 1.05 to 1.05 1/4 and September at 93. The last prices were within a small fraction of the bottom.

British Bark Goes Down

Punta Arenas, Chile May 27.—It is reported that 15 were drowned when the British bark, Swanbilda, was wrecked off Staten Island. Captain Payne and his wife are among the lost.

Overstreet Dies

Indianapolis, Ind., May 27.—Ex-Congressman Jesse Overstreet, chairman of the national monetary commission, died of a complication of diseases at his home here today, after an illness of three months. He was 50 years old and congressman from Indiana for eight years.

DECREE-LICENSE.

Procuring her divorce in the circuit court clerk's office, Margaret Ramey walked across the hall at the county court house this morning to the county clerk's office and was married to William F. Thompson. Yesterday she was granted a divorce from George Ficklin, and her maiden name, Margaret Ramey, was restored. Today she changed it again, when she was married to Thompson by County Judge Barkley.

VALUATIONS OF DOWNTOWN MADE

COMMISSION NOW BEGINS VIEW OF RESIDENCE DISTRICTS OF CITY.

After three weeks steady work, the tax commission, recently appointed by the general council, has completed assessing the property in the business district of the city and has now begun on the residence section. This will require several months' work.

No figures have been given out on the assessment of personal and real estate, as they have not been tallied. The valuation is made by the front foot and this will require some tedious figuring before the assessment can be learned.

Mr. Harry George, one of the commissioners, said today that no complaints have been made by property owners, owing to the universal method of the assessment by the block map system. Everyone willingly gives out the figures and it is believed the property valuation next year will greatly increase the present assessment. By the block map system the valuation will be uniform.

PRESIDENT TAFT SAYS SOUTH WAS HOSPITABLE

Washington, May 27.—President Taft today repudiated the statement yesterday of Representative Tawney, (Minnesota,) that somewhere in the south the president was charged for board. In a letter to Tawney in reference to this President Taft wrote, "In all my experience I never had a more cordial, generous, open or lavish welcome than in the southern states during my trip. The slightest hint that puts me in the attitude of a critic of that hospitality gives me great pain."

Frederick W. Carpenter resigned today as private secretary to the president. He was appointed minister to Morocco. His health caused his withdrawal.

Representative Tawney, whose speech on southern hospitality was repudiated by Taft, said he got his information from Carpenter. This is said to have nothing to do with the resignation.

KNOCKING HEARD IN SUNKEN BOAT

DIVERS DECLARE SOMEBODY LIVES ON SUBMARINE.

Calais, France, May 27.—Minister of Marine La Payre today wired Premier Briand that considerable water entered the inner compartments of the sunken submarine Pluviose, which sank off this port yesterday in a collision. The boats crew of 27 undoubtedly perished. Marine experts said today it is impossible to raise the submarine.

Divers went down today and insist they can still hear hammering on the interior of the sunken boat. There is no official statement as to the number aboard yet. There is considerable speculation as to the cause of the accident. The superintendent of the salvage corps says probably an undercurrent drew the submarine to the fatal course.

Kaiser Has Abscess.

Berlin, May 27.—The kaiser is suffering from a malignant abscess on his right hand. An operation probably will be performed.

LADIES ATTEND BASEBALL GAME THIS AFTERNOON

Second of Series With Hopkinsville Draws Large Crowd.

One Pitcher Given His Release Today.

SIX TEAM LEAGUE CERTAIN.

Another large crowd is present this afternoon at the ball park to see the second game between Hopkinsville and Paducah. This is ladies' day. The interest in the league is pleasing to the officials and the rooting of the fans gingers up the players. After the defeat yesterday the Night Riders appeared determined to win this afternoon.

Manager Anderson will choose between Whiteman, who started the game yesterday, and Dowd to do the twirling for Hopkinton. Manager Cooper selected Harris and Crane to warm up, and will choose one of the pitchers.

Today Manager Cooper handed Leo Hart, one of the local ball players with the team, his release. Hart, who has pitched with all of the amateur teams in the city, signed up to play the outfield for the local league club.

The only change in the line-up of the two teams this afternoon will be the substitution of Wesley in right field for Hopkinsville instead of Greer, who played yesterday.

Six Team League Assured.

Prospects are bright for securing Marion, Ill., and Henderson or Owensboro in the Kitty league to complete the circuit with six clubs. Next week President Gosnell and Treasurer W. E. Cochran will meet with the fans in Marion for the purpose of arranging for the team. Since the league has started with such bright prospects it is believed there will be little trouble in securing two more clubs for the circuit to be added June 15.

Fans in Henderson have rallied and raised the necessary money, while Owensboro already has a strong independent team, and possibly may enter the league. With three cities knocking at the door the success and enlargement of the league seems certain.

After a conference of the officials of the league over the long distance telephone it has been decided to substitute a cash forfeit of \$300 instead of a bond of \$750, as a guarantee of good faith to finish out the season. It was decided that it would be better for the league, and would be easier for two more teams to secure berths in the circuit.

All four clubs are starting the season full of optimism, but with a circuit of six clubs the interest will be greater. All of the local directors are happy over the splendid support given the team yesterday, and are certain that the league will be a howling success. The best of reports have been heard from the game at Vincennes. By the closeness of the scores yesterday it is shown that the teams seem equally matched, and no team has a cinch.

MRS. DEE FAUGHN

DES OF MEASLES AND COMPLICATIONS.

The funeral of Mrs. Dee Faughn, who died yesterday morning at her home on the Cairo road of measles and complications, was held at the residence this morning, the Rev. D. W. Fooks, of the Cumberland Presbyterian church, officiating. Burial was at Palestine cemetery near Max on Mills.

She was a member of the Methodist church and a Christian woman. She leaves her husband, James Faughn, four daughters and two sons: Misses Bessie, Beulah, Mattie, Frances and Thomas and James. She also leaves her mother, Mrs. Polly Bobo, and brother, John Bobo, of Maxon Mills, and three sisters: Mrs. Martha Sumner and Mrs. Emma Kirkpatrick, both of Paducah, and Mrs. Ruth L'yon, of Ogden's Landing, Ky.

No More Pension Claims.

Washington, May 27.—Explaining that congress had already passed one-third more private pension claims than at any previous session, Senator Scott, acting chairman of the committee on pensions, informed the senate that the committee would not report any more such claims before adjournment.

Greatest Medicine of the Age

Mr. Walter Clark of Bluefield, W. Va., was laid up with lung trouble, unable to work for two months. He tried numerous medicines without results until he took Duffy's Pure Malt Whiskey. It completely cured him and now he is in perfect health.

"Having been afflicted with a serious case of lung trouble and used many remedies without result—in fact, I was unable to do any work whatever for two months—Duffy's Pure Malt Whiskey was recommended, and I commenced taking the same. I desire to state that I am entirely cured, having been pronounced so by my physician.

Duffy's Pure Malt Whiskey

is a wonderful remedy in the treatment and cure of all diseases of the lungs, throat and stomach and for all weakening and wasting conditions. It is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutrient necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors and is recognized as a family medicine everywhere.

If in need of advice write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare common sense rules for health, which you cannot afford to be without, and some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. Sold by druggists, grocers and dealers or direct \$1.00 a large bottle.

News of Theatres

The Kentucky theater is featuring three high class vaudeville acts that are "up to snuff" for the last half of this week. It is one of the best bills seen here and the opening yesterday and last night was attended by packed houses and no one was disappointed.

If you closed your eyes in the second act you would be willing to swear that you were hearing rare singing birds, for Billy Quick is even more than he claims to be. He is remarkable in his imitations of birds, locomotives, honk-honks and other noisy things.

Dorothy Lam and company bring you right back home in "A Night With the Red Men." It is a side-splitting comedy and full of excitement, especially at the close. This time hubby and father get even with wifey after she has had her say about intoxicants.

Where They Play Today and Tomorrow.
Hopkinsville at Paducah.
Clarksville at Vincennes.

Some fast ball playing was witnessed in the opening games in the Kitty league yesterday afternoon. In the local game Paducah was victorious over Hopkinsville by a score of 3 to 2 in one of the prettiest games ever played on a local diamond. The hundreds of fans present were tickled with the article of ball, and returned to the city pleased over the fast ball played and rejoicing over the first victory of the Indians.

It was a game that was anybody's until the last man was out. At the start a few errors by Paducah and a few safe raps by the Night Riders brought in two scores while Paducah was blanked. The Indians adjusted their war paint, and batted in two runs in the third inning. In the fifth inning another score was added, but after this both pitchers tightened up and refused to allow another score.

Several sensational plays were pulled off. In the fifth inning while running at full tilt, Tidwell stabled with one hand a line drive from Brady's bat. The catch called for much applause. Overton, for Paducah, caught a splendid game, while his three-base drive to left started the rally that brought the Indians the scores. Carroll, a local boy, lined out a two-base drive "Dummy" Payne in centerfield gobbled up a long fly after a hard run. All of the Indians put up a good game, although they were a little nervous at the start.

Whiteman Started Well.
Whiteman was pitching a star game for Hoptown and had the Indians blanked until the third inning. Whiteman was at bat and protested a strike and because of his conduct was ordered out of the game by Umpire Plopho. Yons, a southpaw, succeeded him, but the Indians used their war clubs on his curves until he was yanked out of the box and Demaree sent to face the mighty Indians. All of the Night Riders played a good game. The work of Mr. Plopho as umpire was

THAT NEW REFRIGERATOR

In the midst of all the conflicting claims that are made for various makes of refrigerators, it is really pretty hard to decide just what IS the best one for you to buy.

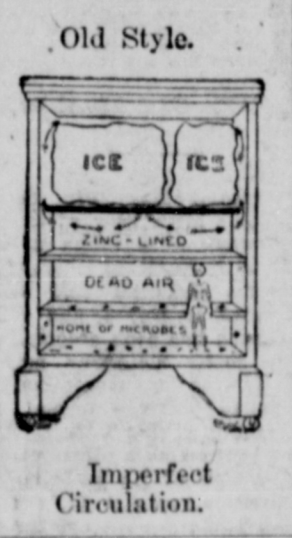

But there need be no hesitation in your consideration of the far-famed HERRICK, for we not only guarantee it to be everything that a refrigerator should be, but we give you

HERRICK HIGH GRADE REFRIGERATORS
Perfect Circulation.

Thirty Days Free Trial

in which to test our statements to the uttermost limits. The reason we can stand behind THE HERRICK so fully and unreservedly is that we KNOW it will make good. It ALWAYS does, because it is made right—the best material of every kind is used throughout its construction.

Old Style.

Imperfect Circulation.

You can't tell anything about a refrigerator until you have used it, or seen it in operation. There is one in our window which is iced up and keeping provisions in perfect condition for weeks at a time—and using such a small quantity of ice to do it that you will be astounded.

Here is What We Claim for The Herrick---And Prove by Thirty Days' Free Trial

It is strictly sanitary, because it is the easiest food container on the market to keep clean.

It is bone-dry all the time, because the circulation of air is absolutely perfect.

Food will not taint in the HERRICK, because it CAN'T if you follow the instructions of the makers. The perfect circulation of air is responsible for that.

Even a bag of salt put in the refrigerator wet, will dry itself out in a short time, because all the air circulating through the refrigerator is DRY AIR.

No refrigerator, with equal storage space, uses so little ice as The Herrick.

In the Herrick, you get more storage space, for the same money, than in any other cheaper make on the market.

THE HERRICK has no zinc or metal linings to mould and corrode and contaminate your food. It is lined with odorless spruce, either plain or enameled, which keeps the refrigerator sweet and pure at all times.

satisfactory to the crowd. He was master of the field every moment. Unimpaired in his decisions, and quick to give his opinion.

The Game.

The game started with Hopkinsville at the bat. H. Williams went out Tidwell to Cox. Bader hit a short fly in right field, and made two sacks. Brady followed with a three-base drive, and Bader trotted over the home pan. Brown saved while Anderson traveled the route Guilan to Cox. Hoptown had one score while Paducah was blanked.

In the third round the Night Riders added another score. Crimmins fanned, and H. Williams went out on first. Bader hit to Cooper, who threw wild to first, and Bader stopped on second. Brady followed with a grounder to short and was safe at first. Brown drove one to center garden for two bags, while Bader scored. Brady was tagged out at third by Cooper after receiving a beautiful throw from Payne.

In Paducah's half the score was tied. Overton smashed a beauty out to left for three sacks. Carroll straightened one out to right garden and the ball was muffed, Overton tallying.

Guinn singled and Carroll scored. Angemeier sacrificed. Payne hit to left, and Cooper died third to first. Cox flew out to right field.

The game was won in the fifth inning by Paducah. Carroll hit to right field and in a convention of three players the ball was allowed to fall to the sod, while Carroll trotted to second station. Guinn flew out. Angemeier hit through second, and Carroll moved to third. Payne knocked a high one to center and on the throw in, Carroll crossed the rubber with the winning run. Paducah AB. R. H. War Whoops.

Too much credit can not be given

Guinn for the victory. Although the

nine innings he pitched steady ball,

and besides his batting assisted in

the run getting.

After getting the traveling bag

and flowers Manager Harry Cooper

was so excited that he did the natu-

ral thing—to strike out.

Robertson, the Hans Wagner of

the team, failed to hit yesterday, but

put up a creditable game on the

field after a bobble made at the

start of the game.

"Dummy" Payne in center garden

is right there with the goods, and

has already made good with the

fans.

To think some Hoptown fans

traveled all the way from Christian

county to see the Night Riders wal-

loped.

Many a fan sighed relief when

Whiteman was compelled to retire

from the game. He had Paducah

sawing proper, and is a pitcher with

a good assortment of bafflers.

Angemeier in left garden is a

player well worth watching. He

travels around the bases like an ex-

press train, and handles himself

well.

Carroll did not get any bouquet.

Free Laxative For Babies

Just as a mother is careful about the food she gives a child, she should be careful about the kind of a laxative she gives it to move its little bowels. Not all remedies for this purpose, no matter how good they may be, are suited to a child.

You should especially avoid pills and tablets and powders, for they are difficult to digest and children find it hard to swallow them. And purgatives and salts and the various waters are too violent for the young. Better give it a gentle though effective laxative like Dr. Caldwell's Syrup Pepsin, which is pleasant to the taste and absolutely does not gripe. A fifty-cent or one-dollar bottle can be bought of any druggist, and if you give a small dose, as the directions call for, before you put the child to bed, or a small dose before breakfast, you will have a cheerful, happy child in a few hours.

This remedy has been sold for almost a quarter of a century and thousands of families know about it, but if you have never used it, and you would like to make a test of it before buying it, the regular way, send your name and address to the doctor for a free sample bottle. In this way, without expense, many mothers have learned of a way of curing children of the little evil of life, and thereby avoiding the graver diseases.

In the family of Martha Fowler of Yorkville, S. C., and J. S. Bower of Jacksonville, Fla., no other laxative but this is used. It is a remedy for all the family, strong enough to be effective on the most robust and mild enough so that women, children and old people, who especially need a gentle laxative, can use it. You will find nothing better for constipation, indigestion, sick headache, sour stomach, flatulence and such stomach, liver and bowel troubles than this Dr. Caldwell's Syrup Pepsin. Let it be your family remedy from today on and we assure you you will have a healthy household.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 50, Caldwell Building, Monticello, Ill.

but he made up for it by scoring two runs and hitting out a two-bagger.

In Overton the Indians have a reliable little catcher, who stings 'em down to second in grand style. Tidwell's stab of the hot liner yesterday brought down the grand stand. Besides he played a good game around the second station.

Cox, the tall boy on first, made a good impression with his work. Manager Anderson of the Night Riders put up a good game at second base.

Vincennes Wins.

Vincennes, Ind., May 27.—Vincennes won the first game of the season yesterday afternoon when Clarksville was blanked by a score of 2 to 0. The opening of the season was attended with much ceremony, and a large crowd of fans was out. Williams, for Vincennes, allowed only one safe hit, while the Allice secured seven raps off Hoyt. Vincennes scored in the second inning. Manager Nairn walked. Jones was out on Hoyt's wild throw, but Nairn advanced and scored when Johnson singled.

Metropolis vs. Kevil.

Metropolis will cross bats with Kevil next Sunday at Kevil. Both are strong teams and an exciting contest may be expected.

Bloomer Girls to Come.

The Bloomer Girls are expected to arrive in Paducah sometime in June and will play one of the local teams, probably the Elks. It is thought that the game with the girls will be arranged a Sunday when the league team does not hold the boards.

Hooks vs. Brookport.

Next Sunday and Monday the B. Hooks will play the strong Brookport team at Brookport. One game will be played Sunday, while a double-header probably will be played Decoration day. Runyan, McChesney and Hart probably will do the hurling for the Hooks.

Wellies at Benton.

The Wellies will journey over to Benton Sunday afternoon, and will cross bats with the strong Benton team. Both teams are undefeated this season. The Wellies will line-up: Wagner, c; T. Hofflich, p; Evans 1b; Gourieux, 2b; Hanners, 3b; Mount, ss; C. Fuller, if; J. Fuller, cf; Smith, rf.

WHEN THE SKIN AILS.

Real "First Aid" in Eczema and Skin Troubles of Every Nature.

Most medicinal preparations for physicians' use tell on the label what particular disease they are best adapted to cure. All the troubles readily curable by poslam, the new skin remedy, make a lengthy list, including every surface skin affection, for poslam is "first aid" whenever the skin ails. While primarily a remedy for eczema, acne, tetor, barber's and all other forms of itch, etc., it promptly cures all the lesser skin affections, pimples, blackheads, blotches, fever blisters, red noses, inflamed skin, rash, herpes, clears the complexion and keeps the skin in a healthy condition.

Many of these minor troubles are eradicated by poslam over night, others in a day or two, and many cases of eczema yield in two weeks. Itching stops on first application, and the skin begins to heal at once. Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained at Gilbert's and R. W. Walker & Co.'s as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request by the Emergency Laboratories, No. 32 West Twenty-fifth street, New York City.

BOONE MONUMENT WAS UNVEILED

IN PRESENCE OF CLUB WOMEN OF THE STATE.

Present Officials Will Serve for Another Year, According to Program.

TAKE TEA AT THE MANSION

Frankfort, Ky., May 27.—Today was another busy one with the state Federation of Women's clubs. The morning's work, as usual, consisted of reports, and, following this, the election of officers was held. They are:

Mrs. James A. Leech, president, Louisville.
Mrs. James A. Mitchell, first vice president, Bowling Green.
Mrs. Thomas Jefferson Smith, second vice president, Richmond.
Mrs. John Thixton, third vice president, Owensboro.
Mrs. J. H. Dickey, corresponding secretary, Louisville.
Mrs. Ira Sayre Barnett, corresponding secretary, Louisville.
Mrs. Hatcher, treasurer, Paris.
Miss Laura Clay, auditor, Lexington.
Mrs. Letcher Riker, federation secretary, Harrodsburg.

Yesterday afternoon the federation was the guest of honor at the unveiling of the restored Daniel Boone monument by the Rebecca Bryan Boone chapter, D. A. R., and the largest crowd was present at the unveiling ceremonies.

Miss Bryan unveiled the monument. The Bryan Station chapter, of Lexington, came over in a body for the day, and the Sorosis club, of Louisville, is here.

The program at the cemetery was:

Invocation—The Right Rev. C. C. Penick.
Song—"America."
History of the Boone Monument—Mrs. James M. Arnold, regent.
Poem, "The Old Pioneer"—The Hon. H. V. McChesney.

Daniel Boone" (Robert Burns Wilson)—Mrs. S. J. Shackelford. Kentucky Club Women—Mrs. James C. Leech.

Presentation of Monument—Senator J. W. Newman.

Acceptance—Governor Augustus E. Willson.

Unveiling by Miss Fannie Belle Bryan.

Benediction—The Right Rev. C. C. Penick.

The ceremonies were followed by a tea at the mansion, given by Mrs. Augustus E. Willson to the federation of clubs.

This was one of the most notable social events during the federation, and Miss Carolyn Leech, of Louisville, and Miss Mary Mason Scott, of this city, poured tea.

Last night at the Christian church at 7 o'clock was the stereopticon exhibit of the Humane society and explanation of the pictures by Miss Leech.

Following this, at 8:15 o'clock, was a concert, and afterward Mrs. Breckinridge spoke on the legislative work.

One of the principal topics was "Traveling Libraries," and a splendid report was given by Miss Fanny Rawson, of Louisville, chairman of that committee, and who is slated to be a member of the new library commission, which was created at the last session of the legislature.

One of the features of the session was a paper by Mrs. A. M. Harrison on the "White Slave" traffic.

The meeting at the Christian church was along historic and patriotic lines. Mrs. Grace Julian Clark, president of the Indiana federation, was one of the chief speakers, and the ex-presidents of the federation told of the features of their administrations.

The denominations showing the highest averages are the Unitarian, with \$1,653; the Protestant Episcopal, \$1,342; the General Convention of the New Jerusalem, \$1,236; the Jewish congregations, \$1,222; the Presbyterians, \$1,177.

Preachers Average \$663.

Washington, May 27.—The average annual salary of a minister of the gospel was but \$663 in all denominations reported in a special report on the census of religious bodies for 1906, which is now in press preparatory to submission to Census Director Durand and Secretary Nagel, of the department of commerce and labor.

The statistics, the first of the kind ever gathered by the government, were procured by W. C. Hunt, chief statistician of population in the census bureau. The figures are from the census of the United States having a population in 1900 of 25,000 and over.

HOSS AND HOSS.

Jury Finds Such a Verdict in Kentucky Horse Trade.

Bowling Green, Ky., May 27.—"We, the jury, find this is a case of hoss and hoss and neither the plaintiff nor the defendant is entitled to recover damages, and that each shall pay his own costs in this case expended."

Thus read the verdict which was yesterday handed down by a jury in the circuit court here.

H. F. Richards, who had traded horses with L. M. Butler, sued him for \$75, alleged breach of warranty, introducing evidence to show that the horse was unsound "and a stump sucker."

Butler set up as a counter claim that the horse secured had fits.

The popular belief that a growing person rises to the surface three times is unfounded.

Daily Thought.

Life is not so short but that there
is always room for courtesy.—Emerson.

"Guinn and win!" is a good
enough slogan.

Joe Cannon's friends declare he
never betrayed a trust—but, per-
haps, they didn't mean it just that
way.

Mr. Bryan says the Democratic
"outlook is good." Politicians usually
are more interested in the in-
look.

It is a pity that these members of
the family who knew all the time
that the murderer was insane from
childhood, never took steps to pro-
tect the public.

We have with us now for a few
weeks some virgin thoughts on the
problems of the hour, that contain
no alloy of cynicism, born of un-
pleasant experiences.

The fatality which has visited so
many comet gazers, might give a
hint to scientists that the composi-
tion of its tail may be the same
elements which rained on Sodom.

The Purchase press expresses
opinions freely as to the compara-
tive availability of prospective can-
didates for governor; but we have
yet to find on our exchange table a
single reference to the best method
of selecting a candidate. If the
Louisville ring can corral the "rural
roosters" in a convention upon these
divergence of views among members
of the press won't cut much figure
in the outcome, as far as the nomi-
nating goes.

According to Tom Platt's autobi-
ography a pinch on the leg made
Theodore Roosevelt president; yet
we know people whose legs have
been pinched black and blue and
they never were president. Back of
the incident lies the story of Roose-
velt's promise to Platt that he would
not declare a determination to de-
cline the vice-presidential nomina-
tion if it was conferred on him by
the national convention, and the
pinch was an admonishing reminder
from Platt's son to keep his promise,
when the question was put to him
by the New York delegation. That
was all, and yet the incident, small
as it was, increases our admiration
for the man, who under the excite-
ment of the moment, was capable
of functioning a rational association
of ideas. What man, who has yelled
"ouch!" when his wife kicked him
under the table and gone on making
a consummate ass of himself, does
not wonder at this marvellous ex-
hibition of self-possession in a pinch.

REAPING THE WHIRLWIND.

It is not pleasure to recall our
own expressed foreboding as to the
aftermath of the night rider trou-
bles in the Black Patch; but our
prediction of blood feud is being
verified. A member of the promi-
nent and numerous Oliver family in
the notorious Lamasco section of
Caldwell county, that section which
dips down into the angle formed by
the boundaries of Trigg, Lyon and
Christian—the Third Judicial dis-
trict—has been wantonly shot down
by some unknown assassin in his
own yard, because he testified
against men charged with night rid-
ing at Hopkinsville and Marion. No
doubt, many of those misguided
fanatics, who thought they were en-
gaging in a holy war by surrepti-
tiously burning their neighbors'
barns, never dreamed that one act
of lawlessness compels another, un-
til cowardly murder crowns the sum
of man's or beast's achievements in
the realm of lawlessness.

Unfortunately, Caldwell county's
legal department has not distin-
guished itself either by ability or in-
clination to discover and punish
lawlessness in the Lamasco section.
This laxity has unquestionably
made bold the incendiaries, who find
assassination a convenient sequel to
the lesser crime. We do not look for
any conviction in this case; but we
do anticipate further immigration
from the Black Patch, further de-
cline in farm values in the distress-
ed section, and stagnation in the
market centers dependent on that
region. Thus does crime avenge it-
self on a community, which tacitly
condones the offense.

"If you had lived in the Black
Patch the last three years you
wouldn't believe there was any

God," said a pious woman to an
evangelist from Paducah. These
counties just east of the river in
Kentucky chose to sow the wind;
now they must reap the whirlwind.
There is a certain law of recom-
pense, which must be fulfilled.

We can only be thankful that the
federal court stepped in when it did;
or the cost would have been greater
and the penalty prolonged.

Mention of the resignation of Dr.
E. George Payne as dean of the de-
partment of psychology and peda-
gogy in the Eastern State Normal
school in the Richmond Climax. It
says:

"Dr. E. George Payne, the head
of the department of psychology and
pedagogy in the Eastern Kentucky
State Normal school, has notified
the board of regents that he will
not stand for re-election at the close
of the present school year. He re-
signs to accept the chair of psy-
chology and pedagogy in the Teach-
ers' college, of St. Louis, Mo., at a
greatly increased salary, and so
Kentucky loses the services of this
young and gifted educator."

"Dr. Payne received his early
school training in the country
schools in Barren county, of this
state, the county of his birth. After
leaving the public schools he en-
tered Kentucky Wesleyan college at
Winchester, Ky., and later the Na-
tional Normal university of Leba-
non, O., where he received the de-
gree of Bachelor of Arts, and con-
tinued his studies in the graduate
school in education, sociology and
history, receiving an honor scholar-
ship because of meritorious work. In
1907 Dr. Payne resigned his position
as principal of the Paducah
High school and refused the super-
intendency of the city schools in
order to make a study of the Ger-
man school system and continue his
studies in the German university.
After two years of study in the Uni-
versity of Paris, the University of
Berlin and Bonn, he received the
degree of Doctor of Philosophy, hav-
ing passed the examination with the
honor cum laude, and having re-
ceived the honor laudabilem upon
his thesis entitled "Die Einführung
der Chinesenarbeit in Sudafrika."

"Dr. Payne began his teaching
career in the country schools in his
native county, but was called after
two terms to the principalship of
the public school in Burkesville, Ky.
After one year he was again called
to the head of the normal depart-
ment of Alexander college of the
same place, where he remained two
years. From this position he was
elected to the head of the depart-
ment of psychology and pedagogy
and director of the practice school
in the Normal at Dixon, Ill., and
after one year resigned to accept
the principalship of the Paducah
High school, where he remained
four years, establishing the normal
department for the training of the
city teachers in connection with the
High school. During the term as
principal he was appointed by the
governor of Kentucky a member of
the state normal commission to lo-
cate the normal schools, and later
appointed by the governor and state
superintendent a commissioner to
Germany to study and report upon
the German school system."

"He has published 'The Relation
of the Grammar Grades to the High
School,' and 'Die Einführung der
Chinesenarbeit in Sudafrika,' the
latter in German. He has also pub-
lished 'A Chinese Labor Experi-
ment' and his report on 'The Ger-
man Schools and Their Lessons for
Kentucky.'"

"Since Dr. Payne has been in the
E. K. S. N. S. he has organized the
professional department upon a very
high plane, and he will be greatly
missed. We congratulate the St.
Louis school authorities upon their
good judgment in electing this
brilliant young Kentuckian to this
high position; but we sincerely re-
gret that some way could not be
formed to save his services to his
native state."

TWELVE DAYS TO MARCH TWO MILES

RATE OF PROGRESS OF NICA-
RAGUAN ARMY.

But the Agents at Washington
Charge and Advance Pre-
cipitately.

WHAT ARMY IS COMPOSED OF

Washington, May 27.—(United
Press).—Whatever charges of inac-
tivity may be laid at the doors of
the leaders of the two factions which
have been struggling—or supposed
to have been struggling—for the
control of Nicaragua, the same can-
not be said for their agents in the
United States. Some time ago dis-
patches to the state department con-
veyed the momentous news that the
forces of Madriz were within twenty
miles of Bluefields, the citadel of the
revolutionists under Estrada. A
bloody battle was expected at any
moment. Twelve days later the
news was flashed over the wire from
Consul Moffat that the Madriz army
was within ten miles of Bluefields
and a battle was expected any mo-
ment. It took twelve days to ad-
vance ten miles—a very good rate
of progress, it seems, in Central
American revolutionary warfare.

But while the two armies, so-called,
were dashing madly into the fray
the two agents at Washington have
been having a campaign of their
own, which makes the warfare down
there look puerile by comparison.
Dr. Salvador Castillejo, agent of the
revolution, has slain several armies,
invaded Managua and all but had
the country in his back pocket. And
Senator Don Luis Corea, likewise, not
to be outdone, has all but crushed
the remnant of revolutionary forces
so many times that it is a wonder
they have the courage to stay in
the fighting game. So many have
been "wounded and slain" that Nica-
ragua, according to their reports,
must be one vast battlefield of
wounded and dying.

Heretofore the campaign has been
conducted in some such fashion as
this: Dr. Salvador Castillejo, flashing
several sheets of telegraph paper in-
vades the state department with the
momentous news that General Mena,
commanding the army of advance,
has met the Madriz army and routed
it completely, opening the way to
Managua, the Nicaraguan capital.
Numbers have been slain and those
who have not have deserted with
glad cries of joy and run over to
the insurgent side to fight against
the tyrant in whose army they have
been forced to serve. It seems that
it will only be a day or two before
Managua is taken and Madriz is
ousted from the presidential man-
sion.

Scarcely have Dr. Castillejo's foot-
steps died away when Don Luis
Corea appears on the scene. He is
smiling triumphantly. The revolu-
tionists have been demoralized, their
army has been shattered. So many
of them have been killed that it is
impossible to count them. Madriz is
merely waiting to march on Blue-
fields and sweep the revolution into
the Atlantic—if it does not succeed
in eluding capture by hiding on a
fruit boat. If Mr. Knox will kindly
recognize Dr. Madriz as president of
Nicaragua he will save all this muss
and blood shed and do the poor un-
fortunate revolutionists a real favor.
They are only boys, anyway, and
they should be back in school learn-
ing their lessons instead of being
forced to bolster up the pretenses of
a mountebank of a revolutionist.

A day or so late Consul Moffat at
Bluefields or Consul Olivares at
Managua will probably send in a
brief dispatch, saying that there was
a mixup between a party of revolu-
tionists and several of Madriz's sol-
diers. One man was severely hurt
by being hit over the head with a
bottle.

And this is not all these two ac-
tive representatives of unrecognized
but aspiring governments of the
same unfortunate country have to
do. While in the midst of a most
arduous campaign they are like as
not to be rudely interrupted by a
message from New Orleans, saying
that the other side is preparing to
send down a ship loaded with am-
munition and American soldiers of
fortune and for heaven's sake to
stop it. Therefore, either Dr. Cas-
tillejo or Don Luis, as the case may
be, hurries to New Orleans and
clamors to the district attorney to
stop this open violation of the neu-
trality laws of the United States.
The revolutionists did not succeed in
getting away with their expedition.
The Madriz people were more suc-
cessful. They managed to get the
Venus out of New Orleans.

Despite all the horrible warring
that seems to be going on the report
that a batch of American soldiers
of fortune—they are mostly tramps

in reality—are to sail for the scenes
of hostility seems to create more
fear than a whole native army. It
has been openly charged by the gen-
erals that the Americans, once in the
conflict, do not observe the South
American etiquette of fighting at all.
In one case a general—perhaps a
generalissimo—hoisted a flag of
truce to lodge a protest with the
enemy that some Americans were
killing his men. In another case an
entire army balked at going into
action until it could be exactly de-
termined in what position three
Americans, who happened to be in
the ranks of the opposing army,
were. After much delay the infor-
mation was secured whereat the
army dashed gallantly to the attack
at right angles from the Americans.
By actual analysis of a Nicaraguan
army, in the present hostilities,
if it numbers 300 men, is com-
posed of usually about six generals;
24 men with rifles that shoot around
the corners, and the rest small boys
armed with an odd assortment of
knives and machetes. When a
campaign fails it is usually because
of sore feet.

Walk to Cairo.

In an effort to emulate Weston,
Fane King, Ward Browning and
Clarence Yarbrough, three high school
boys will walk to Cairo tomorrow.
Their plan is to leave Paducah early
tomorrow morning and reach Cairo
by noon. However lunch will be car-
ried, and if Cairo is not reached by
noon they will not starve. Much in-
terest is being manifested by the
young pedestrians. While in Cairo
they will be the guests of Cairo stu-
dents.

Senior Class Inspection.

The members of the senior class
of the High school, accompanied by
Prof. H. B. Craig, of the science de-
partment, visited the waterworks
and the fire stations yesterday af-
ternoon. The visit was made to see
the practical application of the laws
of physics. During the session the
class has made several inspections of
local manufacturing plants.

Shortly.

Memphis, Tenn., May 27.—Hugh
McCurt, for many years general su-
perintendent of the Southern lines of
the Illinois Central, with head-
quarters at Memphis, has resigned,
effective June 1. He will be suc-
ceeded by A. E. Clift, now superin-
tendent of the St. Louis division of
the Illinois Central. His headquar-
ters will be in New Orleans instead
of in Memphis. Mr. Clift will be in
turn succeeded by J. F. Porterfield,
now superintendent of the Memphis
division of the Yazoo and Mississippi
Valley railroad, with headquarters at
Memphis. Mr. Porterfield will be
succeeded by T. L. Stubbs, now su-
perintendent of the Vicksburg divi-
sion of the Yazoo and Mississippi Val-
ley railroad.

Though none of these changes has
been officially announced, it is learn-
ed from authentic sources that they
were agreed upon at a conference be-
tween T. J. Polley, assistant general
manager of the Illinois Central and
Yazoo and Mississippi Valley lines,
and the various operating officials of
the Southern lines of the system.
Other changes agreed upon are:
J. W. Meehan, now trainmaster of

higher than the original surface of
the river at aGut.

The first concrete was laid in
Gutun Locks with the permanent
handling and mixing plant on August
24, 1909. During the first four
months of its operation the plant
underwent a number of changes
suggested by the working conditions
and by January 1, 1910, it had
reached an efficiency not anticipated
before July 1 of this year. An indi-
cation of the way in which the plant
gradually found itself is given by
the amount of concrete laid each

month since the work was begun,
the working day being from 8 to 12
hours:

Month.	Cu. Yds.
August	1,298
September	12,294
October	29,378
November	30,270
December	42,832
January	54,136
February	55,696
March	60,998
April	63,227

Total 350,129

The laying of concrete is advanc-
ing at the rate of 2,500 cubic yards
a day, and there yet remain to be
placed about 1,850,000 cubic yards.
The first concrete was laid in the
locks at Pedro Miguel on Septem-
ber 1, 1909, when a temporary mix-
ing plant was put in operation. The
installation of the permanent mixing
and handling cranes has not yet
been completed, only three of the
six cranes being in operation. There
remain to be placed at Pedro Miguel
807,000 cubic yards of concrete, and
at Miraflores 1,505,000 cubic yards.
At Miraflores the lock site is ready
for the placing of concrete, and
preparations are in progress for the
installation of the cantilever crane
mixing and handling plant.

In both the locks at Gatun and
Pedro Miguel the iron work is being
placed as the concrete laying ad-
vances, a large quantity of the cast-
ings are on the isthmus ready to be
set, bids have been asked on the
gates and plans for the operating
machinery are nearing completion.

IN SOCIAL CIRCLES

Beautiful Morning "At Home."
An ideal summer morning party was Mrs. Hubbard S. Wells and Mrs. Vincent Salvo's at home from 9:30 until 11:30 o'clock at Mrs. Wells' apartments in The Shamrock. It was a charming courtesy to Miss Kathleen Gwathmey Whitefield, a bride of the coming week, and to Mrs. Salvo's winsome house-guest, Miss Helen-Mar Haliburton, of Carthage, Mo. The pretty rooms and attractive porch made an effective setting for the masses of fragrant flowers and beautifully gowned women.

Little Misses Lena Utterback and Virginia Hart greeted the guests at the door. In the reception hall were Mrs. George B. Hart, Mrs. James Greinebaum and Mrs. Joseph Leavison.

Receiving with Mrs. Wells and Mrs. Salvo in the drawing room were the two guests of honor. Roses in masses of pink and white were artistically used in this room. Mrs. Wells wore a pretty summer dress of white silk relieved by touches of black.

Mrs. Salvo was lovely in a dainty blue frock finished with gold lace. She carried pink roses. Miss Whitefield wore a tulle gown of artistic green silk and white lace with touches of gold. Miss Haliburton was charmingly girlish in a pretty embroidered robe of blue on white, trimmed in blue bands. She carried white roses.

At the French window leading out on the porch were Miss Blanche Hills and Mrs. Patton McElrath. Miss Hills, whose wedding will take place later in June, was effectively gowned in a wistaria silk null trimmed in self-toned embroidered bands, with white lace yoke and undersleeves.

Mrs. McElrath, a bride of April, wore a pretty tulle gown of white or-gandy, flowered in pink and elaborately trimmed with lace.

The porch was attractively screened with tall palms and the broad railing was banked with pink hydrangeas. Here the punch table was artistically arranged. Mrs. Victor Voria graciously presided and was assisted by Miss Virginia Newell, Miss Frances Terrell, Miss Helen Van Meter and Miss Ethel Sights.

In the east end of the drawing room between the French window leading out of the porch and the music room, Mrs. James Utterback, Mrs. Harry McElwee, Mrs. H. B. Sewall and Mrs. C. H. Blaney received.

In the music room, which was effective with stands of pink and white peonies, Mrs. Charles K. Wheeler, Mrs. Louis M. Riecke, Mrs. George R. Exall, Mrs. John J. Berry, Mrs. H. P. Sights, and Mrs. James Weille did the honors.

The dining room, opening out of the music room, was a symphony of yellow and white. The round table with its lace cover had for the centerpiece a graceful arrangement of yellow cornucopias and daisies, swansons and vines. The lace and cakes were a pretty emphasis of the color-motif. Mrs. David Cady Wright and Mrs. John Little presided here, and assisting were Miss Elizabeth Sinnott, Miss Cherie Morton, Miss Phillipa Hughes, Miss Mildred Terrell and Miss Hattie Terrell.

A large number of guests called during the hours.

GOOD NEWS FROM CALYPSO

Mrs. Lee, Having Tried Many Medicines Without Benefit, Recovers Rapidly, by the Use of Cardui.

Calypso, N. C.—"For three years," writes Miss Julia Lee, of this city, "I suffered with almost everything a woman could, more especially, acute inflammation. I tried 3 doctors, with but little benefit, and had almost lost hope, when I decided to take Cardui."

Now I am in better health than I have been for 3 years."

One medicine will not cure every kind of sickness, because different medicines act on different portions of the body.

The troubles of most women, who are delicate, arise from simple lack of strength. The most obvious way to help them is to give them a remedy which will bring them the particular strength they lack.

Cardui's success, in benefiting and curing sick and ailing women, is due to the fact that it gives women strength, where they most need it.

Being composed exclusively of vegetable ingredients, which act gently and sympathetically upon special organs, it is a tonic which is at once regulating and rebuilding.

Fifty years of success prove that this is a fact. Try Cardui today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

The Woman's club house, was a brilliant event. It was the club's annual evening entertainment at the year-end. The music was charming and the numbers were delightfully rendered by some of the most notable talent of the city. The club house was artistically decorated in the club colors, white and gold, being emphasized. Trailing vines, palms and white and yellow daisies made a charming effect. Palms and ferns formed a pretty background for the singers. The front of the platform was banked with flowers. There was a large and appreciative audience.

Alumni to Entertain 1910 Graduates.

At the meeting of the alumnae of the High school yesterday afternoon at the Elks club it was decided to entertain the graduates of the class this year. Either a boat ride or a reception-dance will be given, and for the purpose of ascertaining the wishes of the graduates Mrs. John J. Dorian, president of the association, appointed a committee. The committee will meet tomorrow afternoon.

The members are: Misses Elsie Murray, Emma Nehaus, Nellie Henneberger, May Hank, Augusta Herring, Mabel Mitchell, Elsie Hoe-wischer, Kate White, Mary Brazelton and Adah L. Brazelton. Last year the graduates were entertained with a boat ride, and the majority of the graduates favor one this year.

At the meeting yesterday the Elks tendered the use of the hall for all of the meetings of the alumnae, and it was accepted with a vote of thanks. Delightful refreshments were served by the Elks during the afternoon.

Difficult to Follow.

A clergyman noticing the simple appearance of the couple he had just married, decided to give them a few words of advice. He explained to the young man his duties as a husband, and then told the young lady how she should conduct herself, winding up with an old injunction that she must look to her husband for everything, and, foregoing father and mother,

follow him everywhere he went. The bride appeared very much troubled at this, and faltered out: "Must I follow him every place he goes?" "Yes," said the clergyman; "you must follow him everywhere until death do you part." "Gracious!" cried the girl. "If I had known that before I would never have married a postman."—Dundee Advertiser.

NO CHANGE IN CHURCH'S POLICY

AD INTERIM COMMITTEE NAMED BY ASSEMBLY.

Presbyterian Church, U. S. A., Takes Cognizance of Cumberland Centennial.

WHAT THE UNION AMOUNTS TO

Lewisburg, W. Va., May 27.—"There has been no change in the settled policy of our denomination in this matter," was the reply offered by the committee on bills and overtures of the general assembly of the Southern Presbyterian church to the query of the Lafayette church of New Orleans, as to whether the church still objected to women speaking in church gatherings attended by both sexes.

The assembly adopted the report without discussion.

Another bothersome question concerning women, that of the constitutional organization of mission unions in presbyteries, was referred to an ad interim committee with instructions to report at the next general assembly.

During the day an agitation was begun to abolish the home and school for widows and orphans of missionaries at Fredericksburg, Va. It resulted in the opposite effect of having a larger appropriation voted for the institution.

Whites Debauch Chinese.

Atlantic City, N. J., May 27.—Senatorial indictments against white men of the far east were made by the Rev. Arthur J. Brown, secretary of the board of foreign missions of the Northern Presbyterian general assembly.

"The worst men in the far east," said Dr. Brown, "are not the natives, but the dissolute white men. There is a growing hatred of Americans in China. 'Why shouldn't we hate Americans,' said a distinguished Chinese official, 'when they walk our streets debauching our women.' The name American girl is today a term of reproach on the streets of Shanghai."

The seventy-third annual report of the board of foreign missions, covering eleven months, was presented to the assembly.

The receipts received by the board are as follows:

From May 1, 1909, to March 31, 1910, \$1,457,660.

From May 1, 1908, to May 1, 1909, \$1,526,859.

The losses of missionaries on the field by death and resignation numbered 20, and new missionaries sent out 53, making a total enrollment of 979 missionaries.

The total membership in the churches connected with the missions is 101,044. The native force numbers 4,382, while the native contributions on the field amounted to nearly \$450,000.

Invite Cumberlandans.
 The heartiest vote of the general assembly was when it made a deliverance as to how those Cumberland Presbyterians, not now in the Union might come in if they choose. The question had been raised by a congregation and a minister. The assembly adopted by an unanimous rising vote the following, which shows the spirit of the Presbyterian church:

"Inquiry has been made in some of our Presbyteries as to how those formerly identified with the Cumberland Presbyterian church and who have until now refrained from affiliating with the reunited church may become affiliated. This general assembly for guidance of all interested synods and Presbyteries in a spirit of love for all sincerely desiring to conform with our Lord's great high priestly prayer (John 17-12) and in harmony with deliverances of former general assemblies (Moore's digest, pages 213-214) makes the following deliverances, viz: Whenever any minister or congregation

AFTER FOUR YEARS OF MISERY**Cured by Lydia E. Pinkham's Vegetable Compound**

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

so formerly identified as above and having hitherto refrained from affiliating with the reunited Presbyterian church in the United States shall express desire to be recognized as identified with such reunited church and as affiliating with any synod or presbytery all that is necessary shall be that such minister be present and report to the stated clerk any such congregation within whose bounds such minister or congregation may be located and answer to their names when the roll is called, provided they were in good standing, in the Cumberland Presbyterian church at the time of reunion in 1906 and that they have maintained a Christian character since. We desire to reaffirm that we cherish our feelings of brotherly kindness towards all those who were affiliated by the reunion, and were expected to affiliate in the same. We further affirm that all those who shall now, or at any time in the future, loyally co-operate with us, will be accorded

all the brotherly kindness, respect and consideration shown toward any minister or congregation of Presbyterian church in the United States." The assembly enthusiastically adopted a resolution admonishing members to keep socially, financially and politically entirely apart from the liquor traffic.

Shouts and cheers followed the adoption. The centennial anniversary of the Cumberland Presbyterian church was celebrated by its adoption of resolutions and addresses by Dr. Roberts and Dr. Black. The paper adopted gave thanks for the work done by the Cumberland Presbyterian church, expressed regret that all Presbyterians had not come into the union, and concluded by declaring that the reunion would promote a broader evangelization in the home land and a world-wide evangelism.

Foreign missions had the attention of the assembly this morning. Five dollars annually from each member for foreign missions is the standard set by the assembly.

TENN. CENTRAL**NO FOUNDATION IN RUMORS ROAD WILL BE BOUGHT.**

All Differences With Connecting Lines Said to Have Been Adjusted—Tariffs.

Nashville, Tenn., May 27.—All differences existing between the Tennessee Central and connecting lines have been adjusted, and while the details have not been completed it is assured that traffic will at once be restored on a satisfactory basis.

It is also given out that there is no danger of an interrupted traffic situation again existing. It is announced on authority that there is absolutely no foundation to the rumors that the road would pass from the control of the present owners, and the rumor of a receivership is also denied.

All tariffs that were cancelled in the past few months are to be restored as soon as possible, and all litigation and arbitration will be dropped as a result of the adjustment negotiations for which have been in progress for some time.

Elect New Vice President.

Nashville, Tenn., May 27.—The election of S. W. Fordyce, Jr., as vice president of the Tennessee Central railroad is announced today, the action being taken at a recent meeting of the board of directors. Mr. Fordyce has been for several years general counsel of the Tennessee Central, his title now being vice

This Bottle

Contains a Real Remedy for

Eczema

Perhaps you have used, as have all sufferers with Eczema and other skin troubles—the ordinary greasy salves and lotions. Really that is the wrong way to go about it. That kind of treatment may give temporary relief but it fails to destroy the germs causing the disease. Therefore permanent results are a question. Besides they soil the clothing and linens and are disagreeable to use.

**ZEMO****The Clean Treatment**

is a clean, liquid, vegetable remedy for external use. It gives instant relief and effects a permanent cure because it draws to the surface of the skin and destroys the germ life causing the disease, leaving the skin clean and healthy. Use Zemo for Eczema, Pimples, Blackheads, Dandruff and all diseases of the skin and scalp.

Our Booklet—"How to Tell Skin Diseases" and sample bottle of Zemo mailed free for the price of postage 5—2c stamps.

Just His Luck.

A London bookmaker who was down on his luck was walking along the street feeling pretty blue. He had a solitary shilling in his pocket. A notice in the window of a restaurant caught his eye: "Special—Roast Beef, 13 to 1."

"Not bad odds," he thought. Entering the shop, he said: "That roast beef, is it—13 to 1—on to-day?"

"Yes, sir," replied the girl behind the counter.

"Well, I'll put a bob on it and look in again."

He put down the shilling and disappeared. Later on he came back. As he walked in he heard a waiter shout:

"Mutton one, roast beef two!"

"Dash it, I've lost!" muttered the disappointed bookie as he turned away. "Just my luck. I should have played it for place!"

Some men never make any steam save by throwing cold water on other's fires.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. THE SIZE OF YOUR STORE DOESN'T MATTER

The Humphrey Inverted Gas Lamps Can Be Used Effectively By You

A SMALL merchant called on us the other day. He said he knew the Humphrey Light was the best, but he was afraid it was too good for his little store.

Maybe there are more in Paducah like him; that's why we mention him today, because there is no merchant in all this city whose store is so small that it would not be a dollar and cents saving for him to throw out his old lighting system and install the New Humphrey Inverted Gas Arc Lamp.

It's for big stores, too. There is no store so small or none so large that the Humphrey System will not make a better lighted store and a more profitable store, at no increased cost to you.

Let us prove it to you.

Graduation Presents

At no other time in the life of a boy or young woman is a substantial gift so appropriate, and no occasion merits a token of approval and encouragement more.
The proud day of graduation for a boy offers a suitable time for the gift of a Watch or a Fob or Chain or Ring.
For a young woman, a Diamond is most appreciated, but whatever the amount you can afford to invest, some selection from our jewelry stock will please best and carry the most enduring remembrance.

A Naive Compliment.
John Drew, at a luncheon in Philadelphia, repeated a compliment of which, he said, he was proud.
"Playing in a small western city," Mr. Drew began, "I had the honor of meeting a policeman. This policeman, when I took my departure, shook my hand heartily and gave me a cordial and patronizing slap on the back."
"Jack," he said, "do you know, you've made a good hit with the boys in our town? If you were only to give up the profession and open a saloon here, bless if I don't believe you'd do well."

POLICE JUDGE AND DEPUTY MARSHAL

CHARGED WITH MISDEMEANOR AT MURRAY.

Because Man, Whose Horse Was Put in Pound, Said He Was Abused.

SCHOOL BOARD BRINGS SUIT.

Murray, Ky., May 27.—The extraordinary case of a police judge and deputy marshal on trial charged with a breach of the peace was witnessed here Wednesday. Judge Simpson and Deputy Marshal Brooks were tried in Esq. Ellison's court Wednesday afternoon upon a warrant sworn out by Henry Ellis. It seems that Ellis' horses got out of his lot at his home west of town Sunday morning and came into town. Marshal Nix took them up and placed them in the city pound. Ellis came into town Sunday afternoon and went to Brooks and inquired if they had been taken up and was told that possibly they were and for him to go to Judge Simpson for an order of release. Ellis called upon him and was told to go back to Brooks and pay for them and get his stock. It seems that Ellis came back Monday when he alleges that the officers abused him. The case came to trial before a jury and resulted in an acquittal.

Langston Sued by Board.

Suit was filed in the circuit court here by the present board of education composed of Miss Lucile Grogan, chairman ex-officio, T. A. Beauman, Don Nix, Amos Copeland, J. M. Imes, W. L. Johnson, John Mayfield, Lee Geurin and J. M. Orr against L. A. Langston, former superintendent of the county schools, his bondsmen, C. B. Fulton and A. D. Thompson, and the trustees of the Coldwater common school district. Y. Y. Miller, Edgar Mayfield, G. C. Bazzell, Dave Frizzell and G. V. Stone and W. N. Pullen. The suit was filed by Coleman & Wells and seeks to recover the amount paid by the old county board to liquidate the indebtedness of the Coldwater school district. The amount involved is about \$1,200.

Preston Giles Arrested.

Preston Giles was arrested last Saturday on the Tennessee river by Deputy Sheriff Langston and was brought to town and placed in jail pending the arrival of a requisition from the governor of Tennessee. Giles is wanted in Obion county, Tenn., where he is charged with burglary.

Six thousand seven hundred dollars have been subscribed by Calloway county citizens for the purpose of establishing a county fair.—Murray Ledger.

Truck Traffic Rules.

One of the developments of the police traffic rules in this city is a change in the manner of loading carts of vegetables and fruit huckster. The rules compel vehicles coming to a stop to do so with right hand or "off" wheels next the curb. The peddlers obey the rule, but the left side of their wagons are built high above the body, so that a tempting array of wares is spread out, sloping towards the windows of the houses on that side of the street. The men who run the cars say the new plan increases sales.—New York Tribune.

MEAT RECOVERED; PRISONER GONE

LIVINGSTON OFFICER LOSES HIS QUARRY.

"Doctor" Arrested in Paducah Feels His Road at Tiline.

THE NEWS FROM SMITHLAND.

Smithland, Ky., May 27.—Last week in broad day light the meat house of W. J. Smiley near Berry Ferry, was broken open and two sides of meat weighing about 100 pounds were carried away. A search warrant was gotten out before Squire King and a search made by Coroner Johnson, of the home of Will Sullivan. Meat was found and claimed by Smiley and Sullivan was arrested. County Attorney Threlkeld was notified to come to Carrsville Thursday to conduct the prosecution. On Thursday morning before time for trial it seems that some one engaged the coroner in conversation, perhaps explaining the wonders of the comet. In the meantime Sullivan vanished. Johnson reported at court with an empty bag, stating that the bird had flown. Smiley was fortunate in securing the treasure lost and no damage resulted. Perhaps Sullivan took passage on the comet that was passing at that time dragging its tail on the earth.

Prof. Jewell.

Prof. W. T. Jewell was to leave Washington, D. C. last Sunday for Grand Rivers to see his family. Prof. Jewell reports that he enjoyed his work in the government service, but that it was hard to be away from his family. It is to be hoped that he will decide to enter the teaching profession again instead of returning to Washington.—Livingston Echo.

Carrsville School.

The board of trustees of the Carrsville graded school last week elected Prof. M. C. Wright principal of the school next term. The board has been fortunate in securing the services of such a able teacher. Prof. Wright's long career as teacher has been marked with unusual success.

Storm at Hampton.

Quite a little storm struck the town of Hampton last Sunday night. A barn was blown down and several dwellings were damaged considerably but no one suffered injury. One house is reported lifted from its foundations. Considerable excitement existed. Several years ago a hurricane swept through that section and the people feared another had struck them.

Powers Case.

Dr. Chas. Powers, who in 1905 in the Tiline section, styled himself "Dr. Powers," and began the practice of medicine and later was indicted on two charges, was arrested last week in Paducah and brought to Smithland. When he arrived he began trying to secure bondsmen and in the meantime for a day or so was allowed a guard instead of being placed in jail. Mr. Pearl Barracks, of near Tiline, finally came to Smithland and made the bond. In the meantime additional warrants were issued being sworn out on new charges.

The trials were set for last Monday but Powers did not show up. The charges being misdemeanors, his presence under the circumstances was not necessary and the trials proceeded. In three cases he was fined \$100 each and in one case \$50, making a total of \$350, but two of the cases have been cancelled. The whereabouts of Powers is still unknown. The bond amounting to \$150 was forfeited and must be paid by Barracks. The "Dr." seems to have had a big practice about Tiline as it is an easy matter to get out new warrants.

BAD DREAMS.

Nightmare, Restlessness and Night-sweats All Caused by Indigestion.

Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment.

Upset stomach is the cause of nervous and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritates the pneumogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great pneumogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know in what manner.

If you are nervous, have dreams or nightmare, and do not sleep sound at night, get a 50 cent box of Mi-o-na stomach tablets and take one or two after or with meals. They relieve distressed stomach in 5 minutes. Sold by druggists everywhere and by Gilbert's drug store, who guarantees them to cure indigestion or money back.

RAILROAD NOTES

Employees of the Illinois Central shops are planning fishing trips for next Monday. Decoration day is always observed as a holiday by the railroad, and only a small force of employees for the purpose of maintaining running repairs is kept on duty. The official notice closing the shops on Monday has not been received, but it is expected that the day will be observed.

C. W. Hampton, A. W. Shepherd, William Harrell and James Dockins have returned from the Illinois lakes, where they spent several days angling. A shortage of fish is reported as a result of their visit to

the rippling waters. The Plain City lodge of machinists will meet tonight at the hall. It is the regular meeting.

A. H. Egan, superintendent of the Louisville division, was in the city today on business.

C. W. Lewis and Tom McGarrigal will spend Sunday and Monday at the Barlow lake fishing.

COMET TO BE VISIBLE UNTIL TENTH OF JUNE.

Providence, May 27.—Halley's comet will be visible until June 10, according to an announcement made by Frank E. Seagrave, astronomer, who is said to have first computed accurately the comet's time of appearance in the eastern sky.
